PISTOL BAY MINING INC. CLOSES FINANCING

August 29, 2016: Pistol Bay Mining Inc. (TSX-V symbol: PST) (the “Company”) reports that it has closed the private placement, previously announced April 20, 2016 and July 7, 2016. The Company will issue 10,230,000 units for total gross proceeds of \$563,450.

5,035,000 units will be issued as non-flow-through units at a price of \$0.05 per unit consisting of one common share and one whole warrant. Each whole warrant will entitle the holder to purchase one additional common share of the company at a price of \$0.075 per share for 12 months from the date of closing. 5,195,000 units will be issued as flow-through units at a price of \$0.06 per unit consisting of one common share and one-half of one whole warrant. Each whole warrant will entitle the holder to purchase one additional common share of the company at a price of \$0.09 per share for 12 months from the date of closing. In accordance with applicable securities legislation, shares, warrants and any shares issued upon exercise of the warrants are subject to a hold period of four months and a day from the date of issuance.

In connection with the placement, the Company paid a cash commission totaling \$20,970 and issued 196,000 broker warrants. Each broker warrant is convertible into units of the Company at \$0.06 per unit for 12 months from closing. Each unit consists of one share and one share purchase warrant exercisable at \$0.06 per share for 12 months from closing.

Cautionary note:

This report contains forward looking statements. Resource estimates, unless specifically noted, are considered speculative. Any and all other resource or reserve estimates are historical in nature, and should not be relied upon. By their nature, forward looking statements involve risk and uncertainties because they relate to events and depend on factors that will or may occur in the future. Actual results may vary depending upon exploration activities, industry production, commodity demand and pricing, currency exchange rates, and, but not limited to, general economic factors. Cautionary Note to US investors: The U.S. Securities and Exchange Commission specifically prohibits the use of certain terms, such as “reserves” unless such figures are based upon actual

production or formation tests and can be shown to be economically and legally producible under existing economic and operating conditions.
